### Verb Tenses ~ L5.1c

**Verb:** A word that shows action or state of being. Unlike most of the other parts of speech, verbs change their form. The different forms of verbs show different meanings related to tense (past, present, future).

One of the most important things about verbs is their relationship to time. Verbs can indicate something that is:

Past	Present	Future
has already happened	is currently happening	will happen at a later time
	walk	
killed		
		will learn

Choose 2 words from the list. Write a sentence for each. Use at least 1 conjunction, 1 preposition, and 1 interjection (L5.1e).
